

UNIVERSAL W40

Westone® Series

- Incredible comfort for active lifestyles
- Quad-driver design
- Robust replaceable EPIC cable for stunning audio resolution

HIGH PERFORMANCE EARPHONES

Ideal for: Personal audio and video devices.

Westone True-Fit Technology

50+ years experience with in-ear applications has yielded a low-profile, lightweight, universal earpiece which delivers maximum comfort and in-ear coupling for dynamic transfer of sound.

Replaceable Cable

New replaceable cable connection includes the braided epic cable and round MFI cable with 3-button control and mic.

3-Button Apple Control System + Mic

Function control for Apple products including volume +/-, tracking +/-, phone answer, and siri activation.

Balanced Armature

Westone's balanced armature drivers are significantly more compact and efficient than traditional dynamic drivers. By combining multiple balanced armature drivers with sophisticated crossover networks, Westone monitors provide enhanced sonic detail and frequency range that extends well beyond typical in-ear solutions.

The Quad-Driver Westone W40 earphone will take your listening experience to an entirely new level. Four balanced armature drivers and a three-way crossover network deliver breathtaking clarity and realism. Westone's True-Fit technology provides superior ergonomics and comfort.
